

IOSH Managing Safely Refresher

Who should attend?

The one-day course is for delegates who have already completed the full Managing Safely course. Delegates get to refresh their knowledge on the key parts of the full Managing Safely course by relating them to a plan-do-check-act safety and health management system, with leadership at the heart of it all.

Course Aims & Objectives

The Refresher Course aims to achieve the following Learning Objectives:

- Refresh knowledge gained from the Managing Safely course.
- Build on existing understanding and capabilities.
- Understand how good leadership can influence in health and safety.
- Manage health and safety in the workplace more effectively.
- Refresh knowledge of crucial health and safety terms.
- Update understanding of the critical benefits and components of a health and safety management system.
- Review the different types of performance measurements.
- Identify how the law can affect health and safety in the workplace.
- Assess, reduce, and control risk in the workplace.
- Learn how to apply risk profiling in an organisation.
- Understand the importance of lessons learnt and continuous improvement.

Course Outline

The IOSH Managing Safely Refresher course includes 6 units:

Module 1 – Thinking back – reflect on full Managing Safely Course

Module 2 – Leadership

Module 3 – Plan – review and deliver policy

Module 4 – Do – undertake risk assessment

Module 5 – Check – review data types

Module 6 – Act – applying lessons learnt in the workplace

Certification

Delegates are required to sit an assessment at the end of the course. After successfully completing the course, delegates will receive an official IOSH Managing Safely Refresher Certificate.

Duration

1 Day

Location

We can offer courses on company premises for a maximum of 12 delegates or upcoming courses in your local area.
