

IPAF – MEWPs For Managers

Who should attend?

The course is aimed at project managers, foremen and supervisors working in a broad range of industries such as construction, facilities management, retail, airports and arboriculture who are responsible for supervising or managing the use of powered access, including scissor lifts, self-propelled boom lifts, trailer mounted boom lifts and aerial work platforms.

Course Aims

This course is for delegates who are responsible for planning, supervising and managing the use of Mobile Elevating Work Platforms (MEWPs) in the workplace. It outlines what managers need to know about using MEWPs on site in order to mitigate all possible risks.

Course Outline

- MEWP legislation and guidance
- Hire terms and conditions
- Machine types and use
- Structural parts and MEWP selection
- Operator training and familiarisation
- Operator daily inspection
- MEWP personal fall protection
- Safe operating methods and hazard awareness
- Safety beyond training
- Written test

Certification

On completion of the course and successfully passing theory and practical assessments, the delegates are awarded an IPAF Certificate and PAL (Powered Access Licence) photo ID card. This is valid for 5 years.

Duration

1 Day

Location

We can offer courses on company premises for a maximum of 12 delegates or upcoming open courses in your local area.
