

Crane Supervisor (NPORS)

Who should attend?

This course is suitable for any delegate wishing to gain an NPORS Crane Supervisor certificate. Experienced workers, categorised as those with having either 18 months provable work experience and/or 6 months consistent daily experience in the category, will be able to undertake a Experienced Workers Test (EWT). Completion of a EWT will allow experienced workers to take the NPORS Theory and Practical tests required for a NPORS certificate.

Prerequisites

Traditional NPORS card

- Novice – No pre-requisites
- Experienced Workers - either 18 months provable work experience and/or 6 months consistent daily experience in the category.

NPORS / CSCS Card

In addition to the above, delegates must have an in date relevant CITB Health, Safety and Environment Touchscreen Test. Failure to attend with this qualification may result in you being denied entry to the course and forfeiture of all fees.

A good understanding of spoken and written English is also required.

Course Aims & Objectives

The course aims to provide delegates with the knowledge and skills required to supervise lifting operations safely.

It is suitable for operators of all abilities and those who have previously received no formal training or instruction.

The course is delivered through a combination of classroom-based theory and practical hands-on training.

Course Outline

- Legislation, regulations and Codes of Practice relating to lifting duties
- Safe systems of plant operation including method statements
- Personal responsibilities
- Cranes: types and terms
- Crane documentation
- Duty charts, crane stability and safety devices
- Crane appreciation
- British Standard 1721
- Covers role of crane supervisor
- Covers role of appointed persons
- Preparing an area, with exclusion zones
- LOLER and PUWER

Certification

On completion of the course and successfully passing the theory and practical test, the delegates are awarded an NPORS certificate which complies with the recommendations of the Health and Safety commission approved code of practice. This certificate will last for 5 years.

Duration

1 Day – Experience Worker Test

3 Days – Novice

Location

We can offer courses on company premises for a maximum of 3 delegates per day.
